

PLEASE JOIN US for a Sacred Assembly this March 3. God is calling the city of Washington DC like Esther--for such a time as this! Info and updates at [www.lamplighterministries.net](http://www.lamplighterministries.net).

Challenges are on all fronts. But in the midst of crisis, there is a unique stirring of hope that can only come from Jesus! It's time to come together in uncommon unity and uncommon prayer for our communities, and for our Capitol. It's time to take seriously our responsibility to pray for our President and the First Family.

We will come with repentance, we will come with intercession, but above all we will come with celebration for the incredible victories Jesus is granting. As in the days of Esther and Nehemiah, we will find a new beginning for God's people. We will see a recommissioning of God's dream--for our Capitol city and for America!

In their time and ours, a Sacred Assembly opens the door. See you on March 3!
